

Rocket to Stardom with these Happy Values

Zoom with elation. Let yourself go with these out-of-this-world values from your big, friendly Food Giant Markets. The reason F.G. is so big is that we do more business than any other market in the community. The reason we do more business is that we buy more, warehouse in greater quantities, and sell for less. Sounds easy, but something else is needed, and that's friendliness.

It's a downright challenge to us to see how downright friendly we can be... to see how far we can carry this thing we call bend-over-backward service. Honestly, we try so hard, we find ourselves wearing a permanent kink in our collective backs. Let us show you.
